We hope to have 30 or more people on this team as we will be installing a new metal roof on the church where you will be housed. Also, a number of other Rebuild projects need teams to begin rebuilding. Thus, with 30 plus volunteers we can have multiple jobs going. We need all skills: individuals with **metal** roofing experience are greatly needed as well as carpenters, electricians, plumbers, drywall, roofers, heavy equipment operators, etc. Especially needed are those who will do whatever it takes to get the job done. We need men, women, teens, and college students who can go! Contact Don Owen at dnowen@bellsouth.net if you can go.

North Carolina: Rebuild has begun. Teams with all sorts of construction trades and those who follow directions are needed. Work may include putting in doors and windows, insulation and sheetrock, mudding, installation of bathrooms and fixtures, setting a kitchen cabinet and sink, and putting in subfloor. NC is providing housing and meals for teams that come to serve.

Teams wanting to go and serve can go to their website and sign up: <https://baptistsonmission.org/Mission-Projects/By-Mission-Type/Disaster-Relief/Hurricane-Florence/Get-Involved>

City Reach enables churches across the state to walk alongside the local Baptist association to help them within their existing strategy. Projects in each location will be determined by the local association. Contact Kim Margrave (kmargrave@tnbaptist.org) for further information.

Dominica: TBC is still partnering with La Plaine Baptist Church to rebuild that community. Leaders from Woodmont Baptist Church in Nashville are leading in the coordination of teams going to Dominica. Visit their site and contact them if you would like to go and serve. www.teamdominica.blogspot.com.

Puerto Rico: CrossNet Baptist Network and Weakley County Baptist Association have been leading in the recovery work going on in the Guayama area. As spring comes they will be working on repairing one of the churches that was heavily damaged by the hurricanes. For more info: email Randy Bonner at rbonner@crossnet.com or call the CrossNet Baptist Office at 423-476-5493.

Current passports are needed to travel to Dominica and Puerto Rico.
